# Assignment 5

Use the data set `survey` in the MASS package. Create a plot of Age and Pulse. Color females over 21 years with red. Color males who exercise frequently with blue.

Assignment 5

 (A significant portion of your grade will depend on adequate commenting of the code. Make sure to include your name in the code as a comment).

(Please read: By submitting the assignment, you are confirming that this represents your own work, and that no part of the work submitted has been copied from others. Consequences for cheating can be quite serious. It can lead to not only failing the course but also dismissal from the program)
